3.3 Narrative Reporting

Where requested by the Board, the Committee should review the content of the annual report and accounts and advise the Board on whether, taken as a whole, it is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's position and performance, business model and strategy.

3.4 Internal Controls and Risk Management Systems

The Committee shall:

- 3.4.1 keep under review the Company's internal financial controls, being the systems established to identify, assess, manage and monitor financial risks, and risk management systems and shall carry out a robust assessment of the principal risks and emerging risks facing the Company, at least annually;
- 3.4.2 keep under review the effectiveness of the Company's financial reporting and internal control policies and procedures with respect to the Company's record keeping, asset management and operations for the identification, assessment and reporting of risks; and
- 3.4.3 review the Company's disclosures included in the annual report in relation to internal control, risk management and longer-term viability, prior to endorsement by the Board, and the policies and process for identifying and assessing business risks and the management of those risks by the Company.

4. External Audit

The Committee shall:

- 4.1.1 consider and make recommendations to the Board, to be put to shareholders for approval at the AGM, in relation to the appointment, re-appointment or removal of the Company's external auditor. The Committee shall be responsible for the selection procedure and oversee the selection process for new auditors and if an external auditor resigns the Committee shall investigate the issues leading to this and decide whether any action is required;

4.1.2 oversee the relationship with the external auditor including (but not limited to):

- 4.1.2.1 establishing and maintaining open communication between the Committee and the auditor, as well as with the Administrator and Company Secretary. The Committee may wish to consider feedback about the conduct of the audit from the key individuals involved;
- 4.1.2.2 reviewing the FRC's annual report on the auditor, discussing it with the auditor and obtaining an understanding of how any issues identified are being addressed. If the Company's audit has been subject to a review by the FRC, the auditor's response to the findings and details of any action it plans to take in response;
- 4.1.2.3 recommending the remuneration of the auditor to the Board, whether fees for audit or non-audit services, and satisfying itself that the level of fees is appropriate to enable an effective, high quality audit or other services to be conducted;
- 4.1.2.4 approval of their terms of engagement, including any engagement letter issued at the start of each audit, and reviewing the scope of the audit;

- 4.1.2.8 assessing annually and reporting to the Board on the qualifications, expertise, resources and independence of the external auditors and the effectiveness of the audit process which shall include obtaining a report from the external auditor on their own internal quality procedures and consideration of the audit firm's annual transparency reports, where available; and
- 4.1.2.9 reviewing the annual audit plan and ensure that it is consistent with the scope of the audit engagement, including planned levels of materiality and proposed resources.

4.1.3 review the findings of the audit with the external auditor. This shall include but not be limited to the following:

- 4.1.3.1 a discussion of any major issues which arose during the audit, including those that have been resolved and those that remain unresolved, including where the auditor has challenged management and/or the Company Secretary;
- 4.1.3.2 an explanation from the auditor as to how they have addressed any risks to audit quality previously identified;
- 4.1.3.3 a review of the evidence received in relation to each area of significant judgement and of key accounting and audit judgements; and

- 4.1.3.4 levels of errors identified during the audit and the reasons for any that remain unadjusted.

The Committee shall also:

- 4.1.4 review any representation letter(s) requested by the external auditor before they are signed by the Board;
 - 4.1.5 report to the Board identifying any matters in respect of which it considers that action or improvement is needed and making recommendations as to the steps to be taken;
 - 4.1.6 develop and recommend to the Board a policy on the engagement of the auditors to supply non-audit services and monitor the level of fees payable to the external auditor in respect of these services, taking into account any relevant ethical guidance and legal requirements on the matter, and keep the policy under review;
 - 4.1.7 approve any non-audit services, ensuring that the provision of such services does not impair the auditor's independence or objectivity. In the context of non-audit services that are not prohibited by law, the Committee should apply judgement concerning the provision of such services;
 - 4.1.8 develop a policy for how the Committee will assess whether non-audit services have a direct or material effect on the audited financial statements, how the Committee will assess and explain the estimation of the effect on the financial statements and how the Committee will consider the auditor's independence; and
 - 4.1.9 meet with the external auditor at least once a year, post-audit at the reporting stage, to review any matters arising in the course of the audit with respect to the accounting or internal control systems.
- 4.2 Audit effectiveness
- 4.2.1 at the end of the annual audit cycle, the Committee should assess the effectiveness of the audit process. In the course of doing so, the Committee should:
 - 4.2.2 review whether the auditor has met the agreed audit plan and understand the reasons for any changes, including changes in perceived audit risks and the work undertaken by the external auditors to address those risks;
 - 4.2.3 obtain feedback about the conduct of the audit from key people of the Manager or Administrator involved; and
 - 4.2.4 review and monitor the content of the external auditor's report, in order to assess whether it is based on a good understanding of the Company's business and establish whether recommendations have been acted upon and, if not, the reasons why they have not been acted upon.
- 4.3 Audit tendering

The Company is currently required to put their audits out to tender every ten years, and to rotate auditors every twenty. The tendering process should be led by the Committee and not by the Board of Directors. This includes initiating a tender process, influencing the appointment of an

engagement partner, negotiating the fee and scope of the audit, and making formal recommendations to the Board on the appointment, re-appointment or removal of the external auditors.

- 4.3.1 The tendering process must not preclude the participation of “challenger” audit firms without good reason. The Committee should ensure there are sufficient number of potential auditors that are independent, or capable of becoming so, to allow for adequate competition and choice in a subsequent tender. Tenders should also be conducted far enough in advance of appointment for firms to exit relationships which may cause a conflict of interest.
- 4.3.2 The selection criteria should be transparent and non-discriminatory. When considering possible new appointees as external auditors, the Committee should oversee the selection process, and ensure that all tendering firms have the necessary access to information and individuals during the tendering process and that all tenderers, including non-Big Four firms, are given fair and objective consideration.
- 4.3.3 The choice of auditor should be based on quality, including independence, challenge and technical competence, not solely price or perceived cultural fit. Public reports published by the FRC and where relevant other regulators, including those overseas, on the quality of each firm’s audit should be scrutinised as part of the process. The Committee should also review audit quality indicators published by firms and / or the FRC.
- 4.3.4 All members of the Committee should be involved throughout the tender process, not just attending the audit firms’ final presentations.
- 4.3.5 A typical tender process may involve three or four audit firms. The Company should manage its relationships with audit firms to allow sufficient choice in a future tender and to take account of the need to expand market diversity and any market opening measures that may be introduced.
- 4.3.6 The Committee should submit two possible audit firm options for the engagement to the Board, together with a justified preference for one of them.
- 4.3.7 The Committee should consider running a price-blind tender.
- 4.3.8 If some eligible audit firms are unwilling to tender for an audit, the Committee should communicate with those firms to understand why they are unwilling to tender and whether there is anything that could be done to change that. The Committee should also consider asking those firms how such action is in the public interest. In such circumstances, the Committee should ensure that it has not excluded other firms from tendering without good reason to believe they would not be able to perform a high-quality audit.

5. Reporting

The annual report should describe the work of the Committee as set out below, along with any other matters set out in the Corporate Governance Code.

- 5.1.1 Any significant issues that the Committee considered relating to the financial statements, and how these issues were addressed.
- 5.1.2 An explanation of the application of the Company’s accounting policies.

- 5.1.3 Where shareholders have requested that certain matters be covered in an audit and that request has been rejected, an explanation of the reasons why.
- 5.1.4 An explanation of how it has assessed the independence and effectiveness of the external audit process and the approach taken to the appointment or reappointment of the external auditor, information on the length of tenure of the current audit firm, when a tender was last conducted and advance notice of retendering plans.
- 5.1.5 Where a regulatory inspection of the quality of the Company's audit has taken place, information about the findings of that review, together with any remedial action the auditor is taking in the light of these findings.
- 5.1.6 In the case of the Board not accepting the Committee's recommendation on the external auditor appointment, reappointment or removal, a statement from the Committee explaining its recommendation and that of the Board, and the reasons why the Board has taken its different position (this should also be supplied in any papers recommending appointment or re-appointment or removal).
- 5.1.7 An explanation of how auditor independence and objectivity are safeguarded, if the external auditor provides non-audit services.
- 5.1.8 If a tender process has taken place within the year, the Committee should explain the criteria used to make the selection and the process followed.

6. Review of Service Providers

The Committee shall:

- 6.1.1 review, at least annually, the performance of the Investment Manager's obligations under the Investment Management Agreement and make recommendations to the Board on any variation to the terms of the Investment Management Agreement which it considers necessary or desirable;
- 6.1.2 consider whether the appointment of the Investment Manager continues to be in the interests of shareholders;
- 6.1.3 review at least annually the performance of the Company's other service providers and make recommendations on any variation to the terms of their Agreements that it considers necessary or desirable;
- 6.1.4 monitor compliance by providers of other services to the Company with the terms of their respective agreements from time to time;
- 6.1.5 review and consider the appointment and remuneration of providers of services to the Company;
- 6.1.6 consider any points of conflict which may arise between the providers of services to the Company; and
- 6.1.7 consider the appointments of alternative service providers if necessary.

7. Duties and Responsibilities

- 7.1. Where requested by the Board, the Committee shall review the content of the annual

report and accounts and advise the Board on whether, taken as a whole, it is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's position and performance, business model and strategy.

- 7.2. The Committee Chairman shall report formally to the Board on its proceedings after each meeting on all matters within its duties and responsibilities.
- 7.3. The Committee or its Chairman shall discuss formally with the Board, at least once a year, the relationship with the external auditors, and identify any matters in respect of which it considers that action or improvement is needed and make recommendations as to the steps to be taken.
- 7.4. The Committee shall make whatever recommendations to the Board it deems appropriate on any area within its remit where action or improvement is needed.
- 7.5. The Committee shall compile a report to shareholders to be included in the Company's Annual Report and Accounts.
- 7.6. The Chairman of the Committee shall attend the Annual General Meeting and be prepared to respond to any shareholder questions on the report on the Committee's activities and matters within the scope of the Committee's responsibilities.

8. Communication with Shareholders

- 8.1. The terms of reference of the Committee, including its role and the authority delegated to it by the Board, should be made available to shareholders. A separate section in the annual report should describe the work of the Committee in discharging those responsibilities and be signed by the Chair of the Committee.
- 8.2. The Audit Committee section should include, inter alia:
 - 8.2.1 a summary of the role and work of the Committee;
 - 8.2.2 how any Committee composition requirements have been addressed and the names and qualifications of all members of the Committee during the period;
 - 8.2.3 the number of Committee meetings;

 - 8.2.9 the audit fees for the statutory audit of the Company's consolidated financial

statements paid to the auditor and its network firms for audit-related services and other non-audit services, including the ratio of audit to non-audit work. For each significant engagement, the report should explain what the services are and why the Committee has concluded that it was in the interests of the Company to purchase them from the external auditor; and

8.2.10 the significant issues that the Committee considered in relation to the financial statements and how these were addressed.

9. Other Matters

The Committee should in addition to the foregoing:

- 9.1. Review and approve the minutes of any meetings of the Committee.
- 9.2. Report to the Board on the proceedings of each meeting and make recommendations to the Board where it deems that action or improvement is required.
- 9.3. Members of the Committee shall have the right to obtain legal and other professional advice on any matter within its terms of reference, at the Company's expense.
